SureBridge insurance products provide an added layer of coverage designed to fill financial gaps left by your health plan coverage. They help you manage out-of-pocket expenses such as deductibles, coinsurance and co-payments. This type of coverage is especially important to those who may have health insurance plans with lower premiums but higher out-of-pocket expenses.

The Metal Gap plan comes in three benefit levels that helps complement the Bronze, Silver and Gold Affordable Care Act (ACA) plans.

1 InsuranceNewsNet Magazine, March 2015 issue. Magazine source: The Commonwealth Fund | THIS POLICY PROVIDES LIMITED BENEFITS. This type of plan is not considered “minimum essential coverage” under the Affordable Care Act and therefore a Fixed Indemnity Insurance Policy does not satisfy the individual mandate that you have health insurance coverage. If you do not have other health insurance coverage, you may be subject to a tax penalty.
Metal Gap Plan

An estimated 85% of people who buy health insurance on an exchange receive subsidies, making premiums more affordable - however there are still out-of-pocket expenses that must be paid. A Metal Gap plan from SureBridge helps give you a layer of financial protection by providing cash benefits. The money is paid directly to you, not the hospital, and can be used for anything you choose. It’s your money, your decision.
